Your Home

It's where you create, discover, obsess, love, play and experience. It's where you hang your hat, and build your dreams. From the outside it's four walls and a roof, but on the inside it's the world you live in, and we are here to protect it.

Kwikset

**SMARTKEY
SECURITY™**

SMARTKEY SECURITY™

SUPERIOR SECURITY

Kwikset's patented SmartKey Security protects against advanced break-in techniques.

Available in SC1 Keyway

SECURITY MADE CONVENIENT

SmartKey Security allows you to re-key your lock yourself in seconds.

Reasons to re-key

Loaned or unreturned keys

Your child has lost their key, again

Recently moved, tenant turnover

You have a different key for each door

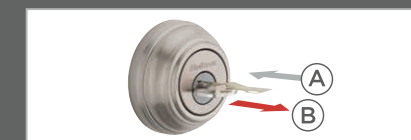

How to Re-Key:

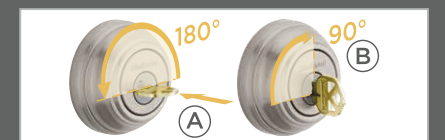

Make sure you have your current key and SmartKey tool

1 Insert **current key** & rotate 90° CW.

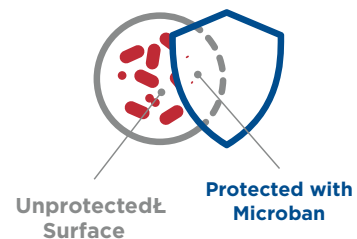

2 (A) Fully insert the **SmartKey tool**.
(B) **Remove tool** & **current key**.

3 (A) Fully insert **new key** & rotate 180°.
(B) Rotate back to the starting position, & remove key. Your lock is now re-keyed!

PROTECTION THAT LIVES ON
MICROBAN®
ANTIMICROBIAL TECHNOLOGY

99.9% Cleaner
Than Unprotected Surface

Kwikset® and Microban®, the global leader in built-in antimicrobial protection, have teamed up to improve the standard for door hardware. Kwikset® will now offer antimicrobial protection on select products, inhibiting the growth of bacteria on frequently touched door hardware in your home.

Benefits of Kwikset® Door Hardware with Microban® Technology

Bacteria can double every 20 minutes on unprotected surfaces, but Kwikset Door Hardware with Microban protection works to continuously fight off microbes.

- Door hardware is 99.9% cleaner than knobs without Microban.
- The antimicrobial coating lasts for the lifetime of the hardware finish, so you can worry less and feel more secure in your home.
- 24/7 Antimicrobial product protection.
- Kwikset with Microban protection resists the growth of a broad spectrum of bacteria.

HALO
Deadbolt

Halo smart locks will connect directly to your existing Wi-Fi router and smartphone to create a simple and secure smart home, without a third-party hub, panel or subscription service. Through the Kwikset app, remotely monitor and control your Halo smart locks from anywhere in the world, while connected to the Internet.

All you need is a Wi-Fi router + smart phone + this smart lock. It's a simple way to get smart lock security and a smart home, using what you already have.

Works with the
Kwikset App

BLUETOOTH

Kwikset offers a variety of smart locks that work with a smart phone via Bluetooth®. Aura is a convenient upgrade to your door hardware with simple smart lock programming functions accessible on your mobile phone, using the Kwikset App. Kevo Touch-to-Open™ smart lock allows you to open your door with just a touch of your finger. With Premis smart lock featuring Apple HomeKit™ technology, you can unlock and lock the door using Siri® for an easy, secure way to control your home security from an iPhone®, iPad® or iPod Touch®. All of Kwikset's Bluetooth smart locks provide the best in quality, security and convenience, making us the forefront of door lock innovations.

Within Bluetooth Range from your smart phone:

- Lock and unlock the door
- Assign customizable codes or eKeys*
- Schedule when users have access to your home
- Track all lock activity

*Access type is dependent on which smart lock

KEYLESS ENTRY

OBSIDIAN
Deadbolt

Kwikset’s electronic door locks offer users the convenience of keyless entry, virtually eliminating the need for keys. All of our electronic locks are easy to install and program, while complementing any Kwikset knob, lever or handleset.

A key-free lifestyle means no more fumbling for keys, losing keys or lockouts. With customizable user codes, homeowners can enter their home with just a simple push of a few buttons. Homeowners also gain more control over who has access to their home. Best of all, Kwikset electronic locks can store multiple user codes.

Signature Series
CONTEMPORARY

PISMO
Knob

Kwikset's Signature Series contemporary products offer a modern aesthetic that reflects today's most cutting edge decor.

Inspired by city skylines and minimalist design, our contemporary products offer sleek contours and fresh finishes. And while the design aesthetic is distinctly modern, it has the ability to blend with nearly any decorative style, whether traditional, transitional or contemporary. With the diversity of square or round roses, our knobs and levers add a level of sophistication and elegance to nearly any residential setting.

Signature Series TRADITIONAL

TUSTIN
Lever

Kwikset's Signature Series traditional products offer a more conventional appeal. Inspired by the traditional lines of time-honored American design, our product designers have pulled elements from colonial, craftsman and rustic styles across the country.

While noting decorative elements from the past, Kwikset's traditional products aim to maintain a casual, transitional feel. As a result, the hardware can be used in almost any setting, while still evoking a warm reflection of time-honored design.
