

Retaining Brake OG, 1G, 2G & 3G Anti Door Slammer

Aluminium & Stainless

The OG, 1G, 2G and 3G range of retaining brakes are an ideal solution for all door types where the possibility of door slamming exists.

Ideal for low to extreme traffic environments, modest to extreme weather conditions, internal or external doors including light weight to very heavy doors, the OG, 1G, 2G and 3G range of retaining brake are easily installed on all existing doors without having to dismantle the door.

Stocked by Bellevue Imports in large quantities. The Justor OG, 1G, 2G and 3G range retaining brake have a speed regulator for detailed control of door closure speed; aesthetically pleasing to the eye, cost effective & highly functional, the only solution to consider for high wind environments.

Made of Stainless Steel, the OG, 1G, 2G and 3G range are maintenance free, due to their unique construction, they are fully adjustable while the door is still hanging and do not require periodic greasing or recharging. The OG, 1G, 2G and 3G range of retaining brakes silently engages in the last 10° of door swing closure. Made in Spain By Justor, the OG, 1G, 2G or 3G retaining brake is a unique solution for an age old problem of high wind and drafts slamming doors.
